The Board of Education invites you to participate in a Strategic Planning initiative along with your neighbors, community members, friends, teachers, students, and school district administrators to create a shared vision for the future of the Bound Brook School District.

This process will be facilitated by the New Jersey School Boards Association.

We will be creating a shared vision for the district, discussing the strengths of the district, the challenges that we face, and ways in which we can tackle those challenges. We are inviting staff members, parents, guardians, students, community leaders and other interested members of the public to contribute their thoughts, ideas and hopes – so that we can effectively plan for the future of our students.

*Participation in any or all three of our meetings will be greatly appreciated.*

***Please RSVP on the district website.***
